

Resourceful Buying Network

from FAMILY RESOURCES INC.

Save time. Save money.

What are our suppliers saying?

“We feel honored and privileged to have been handpicked to be a supplier for the Resourceful Buying Network. This was based on years of exemplary pricing and service to Family Resources, Inc. The RBN has been a great partnership for our business. We have long been proponents of the "Not for Profits" and this only strengthens that relationship. Each year we donate to over 135 local organizations. We understand how important each and every one of these organizations is to the Quad City community and love to help any way we can. Being a supplier in the RBN allows us to do this and allows us to help the organizations save in both hard and soft dollars. As I've said many times before, No One Supplier will always be the lowest price on every item. Our goal is to be the most cost effective overall and by doing this we help organizations save precious dollars that can be used in their programs.

Through the foresight and dedication of Todd Poe, and Family Resources, the Not for Profit entities now have the opportunity to take advantage of the leveraged buying power of the RBN. This first year of the RBN is coming to a close and we couldn't more pleased with the response we've had from the local groups and the mix of vendors available in the network. There was a lot of work done behind the scenes by Todd and Family Resources to bring this to fruition and we laud them for their efforts.”

“Great Western Supply Co. is extremely happy to be part of the Resourceful Buying Network. The Network has allowed us to connect with a new and consistent customer base. Todd has done a wonderful job in driving redundant supply channel cost from the system, which benefits both end users and suppliers. We are enjoying increased sales as a result of the long term partnerships we have formed through the Network.”

“RBN has improved our gross sales and profits, put us in contact with new accounts who have put us in touch with others through word of mouth.

Thanks RBN.”
